

## FAMILY RESOURCE LIAISON (FRL)

MSPCC's Kid's Net Family Resource Liaisons (FRLs) are experienced foster and adoptive parents who have been selected as mentors and guides for other foster parents. FRLs offer support, advice, and information to all foster, kinship, and pre-adoptive parents. FRLs help organize and lead our main Kid's Net training opportunities and support groups.

There are Family Resource Liaisons for each DCF Area Office and Adoption Development & Licensing Units (ADLUs) to assist with supporting your caregiving experience with local knowledge and resources. FRLs are uniquely positioned to assist Departmental caregivers by offering advice and experience in navigating the child welfare, education, health care, and other systems.

## THINGS YOUR FAMILY RESOURCE LIAISON CAN HELP WITH:

- Communicating with your child's case worker
- Behavioral health issues
- Accessing PACT
- Services and resources
- Reimbursement issues
- 51A's
- Medical issues
- Legal questions
- Educational support

**To find out who the FRL is for your area office or ADLU, please visit [www.mspcc.org/kidsnet](http://www.mspcc.org/kidsnet) or contact your Regional Kid's Net Director.**
