

## What We Do

We provide supportive programs and resources to youth and families; offer gender affirming therapy; offer training and education through workshops, consultations, and facilitated discussions; and coordinate special events throughout our community.

## Our Mission

Translate Gender is a trans-led, consensus-run, 501c3 non-profit that works to generate community accountability for people to self-determine their own genders and gender expressions.

## Our History

Since 2006, we have led efforts to fight gender oppression and educate communities about our needs as trans, nonbinary, and gender expansive people.
